Index to Volume XXIX

This is an author-and-subject index to editorials, articles, book reviews, and reports in the four issues of Volume XXIX of *Baptist History and Heritage.*

In author entries a writer's name is followed by a chronological listing of the titles of each article or editorial prepared by that person. The reference data after each title contains five elements: volume number, issue number, page number, month of publication, and year of publication. To illustrate: 29.2.4;4/94 refers to Volume 29, number 2, page 4 (April 1994 issue). Page numbers refer only to the initial pages of articles.

In subject entries, including names of persons treated as subjects, a subject is followed by a chronological listing of references to that subject. Titles are not included as a separate category.
